Let's enjoy making our own dance!!

イラスト 利倉奈緒美

You don't need to learn steps or forms to dance! In this workshop, spontaneous improvisation emerged through the communication with family members and companions naturally forms unique and individual dance for each one of us. We co-create the interactive community respecting diverse talents lying within everyone. Children, disabled or non-disabled, Japanese or non-Japanese, and their family members are welcomed to join us to find one's original movement and rhythm. Let's enjoy making our own dance!!

※A series of art workshops in Minato-ward

We will offer a series of different typed art workshops mainly in Minato-ward area. The workshops may introduce you to body movement, to exploring cultural heritage of the area, etc. Whoever interested in experiencing these workshops, please feel free to contact us.

※Creative Art Executive Committee

We are a community arts organization. After launching in 1990, we have been providing various art projects including dances, music, drama and visual art workshops for diverse people in community. Also, we have organized the art project "The story of me and my town" which collected residents' stories of the old photos taken in Minato city.
